A NEW BEGINNING

Message from the Superintendent-Director

On behalf of the Faculty, Administration, and School Committee, congratulations on completing your High School years at Bay Path Regional Vocational Technical High School. The education you received should serve you well in the future. Please remember, there is no substitute for hard work and dedication. Your future success will depend on your willingness to apply all that you have learned.

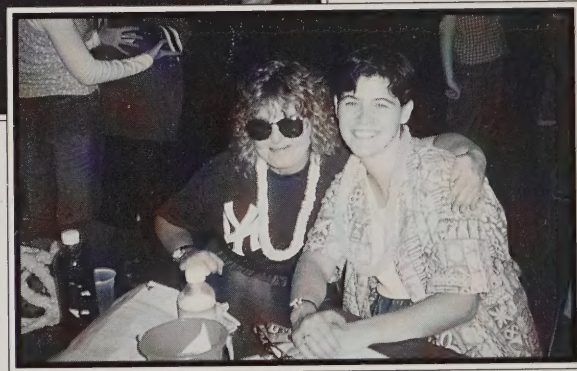

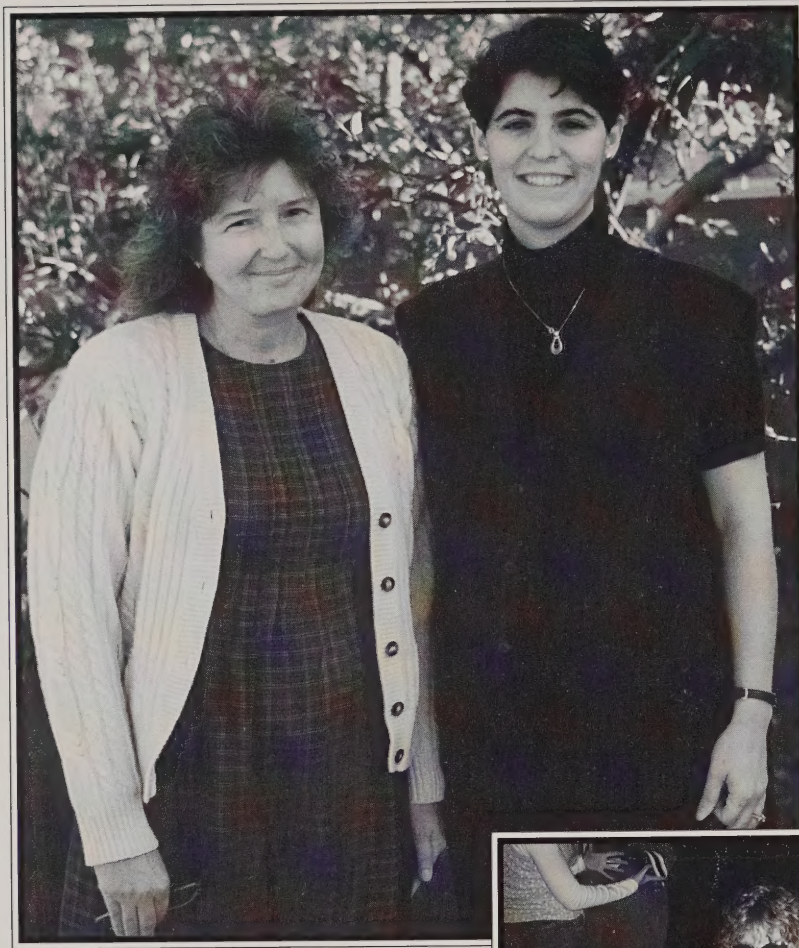

Although most of you have been at Bay Path for four years, please do not consider this short time as your last years spent in formal education. Many of you must realize you have an abundance of talent which could be further developed to maximize your full potential. Consider continuing in education beyond Bay Path on a full or part time basis at a local community college or four year institution.

As a vocational graduate you have the best of two worlds, a vocational skill and an academic diploma which will enable you to grow within your vocational area or profession. Society will depend upon your skill as a vocational technical graduate. Participate in community activities and take an active role in society.

Once again, congratulations and best wishes for future success!

Steven E. Mander

Dedication

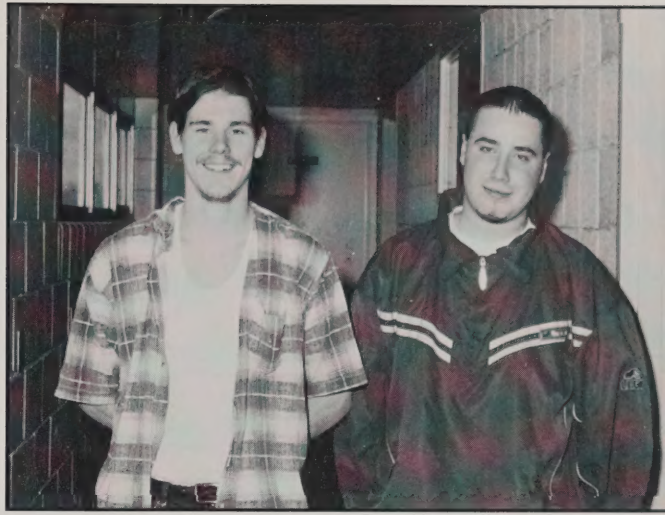

We, the graduating class of the New Millennium, would like to dedicate this yearbook to our class advisors, Mrs. Poulos and Ms. Miller. They are not just advisors but our teachers, coaches, and mentors. There are no words to express the way in which they have assisted us through all our class meetings, class trips, fund-raisers, and dances. We leave them our memories and our thanks. We wish them the best of luck in the future. Ms. Miller, may you continue to give and teach all those new underclassmen what you gave and taught us. Mrs. Poulos, may you enjoy your new family and return to inspire all those new students.

Thank you!

SENIOR CLASS OFFICERS

Seniors...

We, the class of 2000, have spent the past four years together. We have shared many changes, good and bad as a family. We made new friends and entered a new environment.

As we became Sophomores, we had so much still ahead of us, and yet so much was already behind us. As the season came and went, our friends, feelings and our outlook on life also changed.

Junior year came and went with many rights of passage. We got our licenses, took our PSAT's, and were about to take on a last look at some of the best years of our lives.

Senior year....finally, we are on the home stretch, preparing ourselves and searching for the college of our dreams and the perfect job to pay for it, fills most of our waking hours. Some may head to college, some may join the army, take a year off or even start a family. This is the time for places to go, things to accomplish, new goals to reach for and new people to know. We leave our childhood behind and start off on a new chapter in our lives.

Best of luck class of 2000!

Odyssey Of The Mind

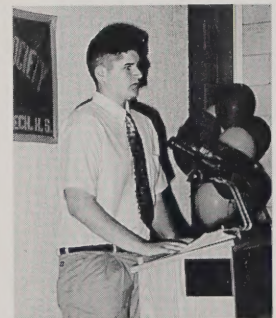

Nicole Loader, Maria Rodriguez, Crystal Chapman, Justin Boudreau, Sara Granville, John Thomas,

The O.M. program is designed to challenge students into using their creativity skills. This years team had to design a tower made out of pasta and then test how much weight it could hold. The team also had to create a skit using their imagination and do an improvisation in front of an audience. The team placed first in the first round and fourth in the state's. Good job O.M. team!
